MANAGEMENT INFORMATION CIRCULAR ANNUAL AND GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 24, 2017

This information is given as of April 24, 2017 unless otherwise noted.

SOLICITATION OF PROXIES

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of WEST RED LAKE GOLD MINES INC. (the “Corporation”) for use at the Annual and General Meeting of Shareholders (the “Meeting”) of the Corporation to be held at 2 Queen Street East, Suite 1500, Toronto, Ontario at 11:00am (Toronto Time) on May 24, 2017 for the purposes set out in the Notice of Meeting, and at any adjournment or adjournments thereof.

Shareholders who are unable to be present at the Meeting in person are requested to fill in, sign, date and return the enclosed proxy instrument to the Corporation’s transfer agent and registrar, Trans Canada Transfer Inc., 25 Adelaide Street East, Suite 1301, Toronto, Ontario, M5C 3A1, not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of holding the Meeting or adjournment thereof. An addressed envelope accompanies this Management Information Circular and may be used for such purpose. The solicitation will be primarily by mail, but proxies may also be solicited by telephone or in writing by employees, officers or directors of the Corporation without special compensation, or by the Corporation’s transfer agent at nominal cost. The Corporation will bear the cost of solicitation on behalf of management of proxies in the form furnished herewith.

APPOINTMENT AND REVOCATION OF PROXIES

The person(s) designated by the management of the Corporation in the enclosed form of proxy are directors and/or officers of the Corporation. **A shareholder desiring to appoint another person (who need not be a shareholder) to represent him at the Meeting may do so either by inserting such person’s name in the blank space provided in the proxy instrument and striking out the names of the specified person(s) or by completing another proxy instrument with detailed directions and in either case delivering the completed proxy instrument addressed to the Corporation’s transfer agent at the address set forth above not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of holding the Meeting or adjournment thereof.**

A shareholder who has given a proxy instrument may revoke it:

- (a) by signing a proxy instrument bearing a later date and depositing it with the Corporation's transfer agent not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of holding the Meeting or adjournment thereof, or
- (b) by attending the Meeting in person and personally voting the shares represented by the proxy instrument, or
- (c) in addition to the revocation by any other manner permitted by law, a proxy may be revoked under subsection 110(4) of the *Business Corporations Act* (Ontario) (the “Act”) by an instrument in writing executed by the shareholder or by his attorney authorized in

writing (or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof authorized in writing), deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof, at which the proxy instrument is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof and upon either of such deposits the proxy shall be revoked.

EXERCISE OF DISCRETION BY PROXIES

The common shares represented by the enclosed form of proxy will be voted for or withheld from voting on any ballot that may be called for in accordance with the instructions of the shareholder executing the proxy and, if such shareholder has specified a choice with respect to any matter to be acted on at the Meeting, the shares will be voted accordingly. **IN THE ABSENCE OF SUCH INSTRUCTIONS SUCH COMMON SHARES WILL BE VOTED IN FAVOUR of such matter identified in the form of proxy to be voted upon at the Meeting.**

The enclosed proxy instrument confers discretionary authority upon the persons named therein with respect to amendments to matters identified in the Notice of Meeting, or other matters which may properly come before the Meeting. At the time of printing of this Management Information Circular, management knows of no such amendments or other matters to come before the Meeting other than matters referred to in the Notice of Meeting. However, if other matters not known to management should properly come before the Meeting, the accompanying proxy will be voted on such matters in accordance with the judgement of the person voting the proxy.

NON-REGISTERED SHAREHOLDERS

Only registered shareholders of the Corporation, or the persons they appoint as their proxies, are entitled to attend and vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a “**Non-Registered Shareholder**”) are registered either:

- (a) in the name of an intermediary (an “**Intermediary**”) with whom the Non-Registered Shareholder deals in respect of the common shares (Intermediaries include, among others: banks, trust companies, securities dealers or brokers, trustees or administrators of a self-administered registered retirement savings plan, registered retirement income fund, registered education savings plan and similar plans); or
- (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc., in Canada, and the Depository Trust Company, in the United States) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has distributed copies of the Notice of Meeting, this Management Information Circular and its form of proxy (collectively the “**Meeting Materials**”) to the Intermediaries and clearing agencies for onward distribution to Non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless the Non-Registered Shareholders have waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “**voting instruction form**”) which the Intermediary must follow. Typically, the voting instruction form will consist of a one-page pre-printed form. Sometimes, instead of the one-page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or
- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of common shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with Trans Canada Transfer Inc., 25 Adelaide Street East, Suite 1301, Toronto, Ontario, M5C 3A1 not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of holding the Meeting or adjournment thereof.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the common shares they beneficially own. Should a Non-Registered Shareholder who receives either a voting instruction form or a form of proxy wish to attend the Meeting and vote in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the names of the persons named in the form of proxy and insert the Non-Registered Shareholder’s (or such other person’s) name in the blank space provided or, in the case of a voting instruction form, follow the directions indicated on the form. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediaries and their service companies, including those regarding when and where the voting instruction form or the proxy is to be delivered.**

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

There are outstanding as of the date hereof 107,477,336 fully paid and non-assessable common shares of the Corporation. Each common share carries the right to one (1) vote per share. Each holder of outstanding common shares of record at the time of the close of business on April 24, 2017 (the “**Record Date**”) will be given notice of the Meeting and will be entitled to vote at the Meeting the number of common shares of record held by them on the record date.

As of the Record Date, to the knowledge of the directors and officers of the Corporation, the following are the only shareholders who beneficially own, directly or indirectly, or exercise control or direction over more than 10% of the voting rights attached to any class of outstanding voting securities of the Corporation entitled to be voted at the Meeting of the Corporation:

<u>Name of Shareholder</u>	<u>Voting Securities Directly or Indirectly Owned, Controlled or Directed</u>	<u>% of the Class of Outstanding Voting Securities of the Corporation</u>
Accilent Capital Management Inc.	30,890,500 common shares (of which 696,000 common shares are directly controlled and directed, and 30,194,500 common shares are indirectly controlled and directed).	28.74%

In the absence of a contrary instruction, the person(s) designated by management of the Corporation in the enclosed form of proxy intend to vote FOR the appointment of MNP LLP, Chartered Accounts, as auditors of the Corporation to hold office until the next annual meeting of shareholders or until a successor is appointed and the authorization of the Board of Directors to fix the remuneration of the auditors.

C. Election of Directors

Shareholders will be asked to fix the number of directors to be elected at the Meeting at five (5). Under the constating documents of the Corporation, directors of the Corporation are elected annually. Each

In the absence of a contrary instruction, the person(s) designated by the management of the Corporation in the enclosed form of proxy intend to vote FOR the election as directors the proposed nominees whose names are set forth below, each of whom has been a director since the date indicated below opposite the proposed nominee's name. Management does not contemplate that any of the proposed nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, the common shares represented by properly executed proxies given in favour of such nominee(s) may be voted by the person(s) designated by management of the Corporation in the enclosed form of proxy, in their discretion, in favour of another nominee.

The following table sets forth information with respect to each person proposed to be nominated for election as a director, including the number of common shares of the Corporation beneficially owned, directly or indirectly, or over which control or direction was exercised, by such person or the person's associates or affiliates as at the Record Date. Cease Trade Orders, Bankruptcies, Penalties and Sanctions

On December 24, 2015 the Ontario Securities Commission (“OSC”) issued a temporary management cease trade order (“MCTO”) providing that all trading in and all acquisitions of the securities of the Corporation, whether direct or indirect, by Thomas Meredith (acting CEO) and John Kontak (acting CFO), shall cease. The MCTO resulted from the failure of the Corporation to file an independent technical report on its West Red Lake Project substantiating its disclosure of a resource calculation inserted into the investor presentation on the Corporation website by previous management at a time before February 4, 2014. On January 6, 2016 the MCTO was made permanent. On February 18, 2016 the Corporation filed on SEDAR a NI 43-101 compliant independent technical report. On February 22, 2016 the OSC revoked the MCTO. Accordingly, restrictions on all trading of securities in the Corporation by the acting CEO and the acting CFO were removed.

On July 3, 2015 the Ontario Securities Commission issued a cease trade order to Jourdan Resources Inc., a company that Michael Dehn is a director, for failing to file financial statements for the year ended December 31, 2015, within the required time period. The cease trade order has been revoked and Jourdan Resources Inc. securities are now trading.

Other than as detailed above, none of the nominees is as at the date of the Management Information Circular, or has been within the 10 years before the date of this circular, a director, chief executive officer or chief financial officer of any company, including any personal holding company of such director, chief executive officer or chief financial officer, that was subject to a cease trade order that was issued while that person was acting in that capacity, or was subject to an order, that was issued after the director or executive officer ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in such capacity.

None of the nominees is as at the date of this circular, or has been within the 10 years before the date of this circular, a director or executive officer of any company, including any personal holding company of such director or executive officer, that while that person was acting in that capacity or within a year of that person ceasing to act in that capacity became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of such company.

None of the nominees has within the past 10 years become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Other than as detailed above, none of the nominees has been the subject of any penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or has been subject to any other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable investor in making an investment decision.

Compensation Discussion and Analysis

The compensation program of the Corporation is administered by the Board of Directors of the Corporation based on the recommendations of the Compensation Committee. The Compensation Committee of the Corporation currently consists of five members: John Heslop (Chair) and Thomas W. Meredith, Michael Dehn, Daniel Crandall and John Kontak. Compensation of the NEOs of the Corporation is reviewed annually by the Compensation Committee, which then makes recommendations to the Board. The Board approves the compensation of each NEO based on the recommendations of the Compensation Committee.

Executive Compensation Program Objectives

The executive compensation program’s objectives are:

- (a) to attract and retain qualified and experienced executives in order to drive the continued development of the Corporation and its current and future gold exploration assets;
- (b) to align the interests of the Corporation’s executives with the interests of the Corporation’s shareholders;

- (c) to reward executives for reinforcing the Corporation's business objectives and values, for achieving the Corporation's performance objectives and for their individual performances; and
- (d) to provide to the Corporation's executives the compensation packages that are competitive with those received by executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics.

Elements of Executive Compensation

Compensation for the Corporation's NEOs consists of the following elements:

1. fixed compensation in the form of base salary;
2. short-term incentive in the form of an annual performance bonus; and
3. long-term equity-based incentive in the form of incentive stock options.

Purpose of Each Compensation Element

Base salary is designed to attract and retain executives by providing reasonable income certainty at a level that is competitive with the base salaries for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics.

Annual performance bonuses are intended to provide short-term incentives to executives by rewarding them for their yearly individual contribution and achievement of the Corporation's performance objectives in the context of overall annual corporate performance.

Equity incentive awards are designed to, among other things, motivate executives to achieve longer-term sustainable business results and align their interests with those of the shareholders, since grantees of equity incentive awards benefit only if the market value of the common shares at the time of stock option exercise is greater than the exercise price of the stock options determined with reference to the market price of the common shares at the time of grant. Consistent with most other junior mining companies who do not have a source of revenues (other than interest from funds on deposit), directors of the Corporation believe that security-based compensation arrangements are a critical component of the Corporation's compensation arrangements and are necessary and vital to attracting and retaining key individuals.

Determination of the Amount of Each Compensation Element

Base Salary – Base salaries of the NEOs are generally negotiated at the time of engagement and set forth in their respective consulting agreements entered into with the Corporation. Upon engagement, the NEOs' base salaries are subject to annual review by the Compensation Committee. The determination of base salaries of NEOs is based on the assessment of a number of factors such as current competitive market conditions, experience of the NEOs with other issuers in the industry and factors particular to the NEO, including individual performance in the context of the Corporation's overall performance, the scope of the NEO's role with the Corporation and retention considerations.

Annual Performance Bonus – The granting of annual performance bonuses to the NEOs is at the discretion of the Board of Directors of the Corporation. The decision of the Board of Directors to grant annual performance bonuses is based on the evaluation by the Compensation Committee of each NEO's

yearly individual contribution to the achievement of the Corporation's performance objectives and in the context of the overall annual performance of the Corporation. The Corporation is a junior mining company involved in exploration and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Compensation Committee to be appropriate in the evaluation of the performance of the NEOs. Instead, effective completion of the Corporation's exploration work programs within pre-determined budgets, significant exploration discoveries, mineral resource and reserve upgrades, maintenance of the Corporation's listing on a recognized stock exchange, fulfillment of option and joint venture agreement conditions, successful acquisitions and/or financings required for meeting the Corporation's objectives and its sustainability and growth are among the key factors for the Compensation Committee's evaluation of the NEOs' yearly performance. Other considerations such as working capital level, cash position of the Corporation and overall market environment are also taken into consideration by the Compensation Committee in the determination of annual performance bonuses. In the Corporation's financial year ended September 30, 2016, no bonus was granted to the NEOs.

Option-Based Awards – The Corporation has established a stock option plan (attached as Schedule ``B``) under which incentive stock options are granted to directors, officers, employees and consultants of the Corporation as an incentive to serve the Corporation in attaining its goal of improving shareholder value. The determination of incentive option awards is based on a variety of factors, such as the need to attract or retain key individuals, competitive market conditions and internal equity. The amounts and terms of historical and outstanding awards are taken into account from time to time in the determination of option awards. Options are awarded by the directors in a manner that ensures that the total number of options granted to any particular individual, including previous grants of options, is commensurate with the individual's level of ongoing responsibility and contribution to the Corporation. A summary of the Stock Option Plan is set out under the heading "*Securities Authorized for Issuance under Equity Compensation Plans*" of this Management Information Circular.

The allocation of an executive's compensation to the foregoing elements of the executive compensation packages is not based on a formula, but rather is intended generally to reflect market practices and realities as well as the discretionary assessment by the members of the Compensation Committee and the other directors of the Corporation of his or her past contribution and ability to contribute to future short-term and long-term business results. The NEOs' compensation is based upon compensation ranges for comparable positions at publicly traded, TSX Venture and/or CSE listed companies in the junior gold mining sector. The criteria considered for the selection of comparator or peer group of companies were market capitalization in the range from \$15 million to \$50 million and exploration companies with early stage exploration properties. The benchmark group is used by the Corporation to confirm whether the Corporation has established comparable executive compensation levels to their peers. Upon a review of the executive compensation, the Compensation Committee concluded that the Corporation's executive compensations for the NEOs are consistent with the Corporation's stated compensation objective to attract and retain qualified and experienced executives.

Notes:

(1) The Corporation uses the Black-Scholes model to calculate the grant date fair value of option-based awards. The model requires six key inputs: risk-free interest rate, exercise price of the option, market price of the common shares at date of grant, expected dividend yield, expected life and share price volatility, all of which, except for exercise price of the option and market price of the common shares at date of grant, are estimates of management. In calculating the fair value of the options shown for 2016 for Mr. Dehn and Mr. Heslop, management assumed a risk-free interest rate of 0.57%, an expected dividend yield of 0%, expected life of 5 years and share price volatility of 211%. In calculating the fair value of the options shown for 2016 for Mr. Crandall, management assumed a risk-free interest rate of 0.51%, an expected dividend yield of 0%, expected life of 3 years and share price volatility of 230%.

(2) Mr. Heslop became a director on June 29, 2016.

As each director has a different skill set and professional background, orientation and training activities will be tailored to the particular needs and experience of the individual director.

Ethical Business Conduct

The Plan is considered an "evergreen" plan since the Shares covered by Options which have been exercised shall be available for subsequent grants under the Plan and the number of Options available to grant under the Plan shall increase as the number of issued and outstanding Shares of the Corporation increase. No fractional Shares may be purchased or issued under the Plan.

5. Eligibility; Grant; Terms of Options

- 5.1 Options may only be granted to Eligible Persons who are bona fide employees, service providers, Consultants or employees of such Consultants or service providers of the Corporation or its subsidiaries.

- 5.5 The Option Price of Shares which are the subject of any Option shall in no circumstances be lower than the Market Price of the Shares at the date of the grant of the Option less any applicable discounts permitted by the Exchange.

- 5.7 The maximum number of Shares which may be issued to any one Optionee and such Optionee's associates under the Plan and any other Share Compensation Arrangement in any 12 month period shall be 5% of the Shares outstanding at the date of the issuance (on a non-diluted basis).

6. Exercise of Options

- 6.1 Subject to the provisions of the Plan, an Option may be exercised from time to time by delivery to the Corporation at its registered office of a written notice of exercise addressed to the Secretary of the Corporation specifying the number of Shares with respect to which the Option is being exercised and accompanied by payment in full of the Option Price of the Shares to be purchased. Certificates for such Shares shall be issued and delivered to the Optionee within a reasonable period of time following the receipt of such notice and payment.
- 6.2 Notwithstanding any of the provisions contained in the Plan or in any Option, the Corporation's obligation to issue Shares to an Optionee pursuant to the exercise of an Option shall be subject to:
- (a) completion of such registration or other qualification of such Shares or obtaining approval of such governmental or regulatory authority as counsel to the Corporation shall reasonably determine to be necessary or advisable in connection with the authorization, issuance or sale thereof;
 - (b) the listing of such Shares on the Exchange; and
 - (c) the receipt from the Optionee of such representations, agreements and undertakings, including as to future dealings in such Shares, as the Corporation or its counsel

reasonably determines to be necessary or advisable in order to safeguard against the violation of the securities laws of any jurisdiction.

In this connection the Corporation shall, to the extent necessary, take all reasonable steps to obtain such approvals, registrations and qualifications as may be necessary for the issuance of such Shares in compliance with applicable securities laws and for the listing of such Shares on the Exchange.

7. Termination of Employment; Death

- 7.1 Subject to Section 7.2 and any express resolution passed by the Board with respect to an Option, an Option, and all rights to purchase pursuant thereto, shall expire and terminate 30 days after the Optionee ceasing to be a director, officer or a part-time or full-time employee or service provider of the Corporation or of any Subsidiary or such later date as the Board may determine. The entitlement of a Consultant to Options including the termination thereof shall be in accordance with the terms of the consulting agreement entered into between the Corporation or the Subsidiary and the Consultant.
- 7.2 If, before the expiry of an Option in accordance with the terms thereof, the appointment, employment or retainer of the Optionee with the Corporation or with any Subsidiary shall terminate, in either case by reason of the death of the Optionee, such Option shall, subject to the terms thereof and any other terms of the Plan, be exercised by the legal representative(s) of the estate of the Optionee within twelve months following the death of the Optionee (but prior to the expiry of the Option in accordance with the terms thereof) but only to the extent that the Optionee was entitled to exercise such Option at the date of the termination of his appointment, employment or retainer.
- 7.3 Options shall not be affected by any change of employment of the Optionee or by the Optionee ceasing to be a director or officer where the Optionee continues to be employed by the Corporation or continues to be a director of the Subsidiary or an officer of the Corporation or any Subsidiary.
- 7.4 The Board may, with the consent of an Optionee and subject to the approval of the Exchange, cancel any outstanding Options.

8. Change in Control and Certain Adjustments

- 8.1 Notwithstanding any other provision of this Plan in the event of:
- (a) the acquisition by any Person who was not, immediately prior to the effective time of the acquisition, a registered or a beneficial shareholder in the Corporation, of Shares or rights or options to acquire Shares of the Corporation or securities which are convertible into Shares of the Corporation or any combination thereof such that after the completion of such acquisition such Person would be entitled to exercise 30% or more of the votes entitled to be cast at a meeting of the shareholders; or
 - (b) the sale by the Corporation of all or substantially all of the property or assets of the Corporation;

then notwithstanding that at the effective time of such transaction the Optionee may not be entitled to all the Shares granted by the Option, the Optionee shall be entitled to exercise the

Options to the full amount of the Shares remaining at that time within 90 days of the close of any such transaction.

- 8.2 Appropriate adjustments with respect to Options granted or to be granted, in the number of Shares optioned and in the Option Price, shall be made by the Board to give effect to adjustments in the number of Shares of the Corporation resulting from subdivisions, consolidations or reclassifications of the Shares of the Corporation, the payment of stock dividends or cash dividends by the Corporation (other than dividends in the ordinary course), the distribution of securities, property or assets by way of dividend or otherwise (other than dividends in the ordinary course), or other relevant changes in the capital stock of the Corporation or the amalgamation or merger of the Corporation with or into any other entity, subsequent to the approval of the Plan by the Board. The appropriate adjustment in any particular circumstance shall be conclusively determined by the Board in its sole discretion, subject to approval by the Shareholders of the Corporation and to acceptance by the Exchange respectively, if applicable.
- 8.3 Notwithstanding anything else herein to the contrary, in the event an offer to purchase the common shares of the Corporation shall be made to the holders of common shares generally, unless the Board determines that such offer will not result in any change in control of the Corporation, the Corporation shall give written notice thereof to each Optionee holding Options under the Plan and such Optionees shall be entitled to exercise all such Options in respect of all Shares to which Options relate to the extent previously unexercised, regardless of whether such Optionee would otherwise be entitled to exercise such Options to such extent at that time, within the 30-day period next following the giving of such notice.

9. Amendment or Discontinuance

- 9.1 The Plan shall be under the responsibility of, and administered by, the Board of the Corporation. The Board may from time to time, by way of a resolution, amend or repeal the Plan and take all measures necessary or useful to the administration of the Plan, provided however that any amendment to the Plan shall be subject to the approval of all relevant regulatory authorities. The Board may make amendments to the Plan that it deems necessary or useful, without having to obtain shareholder approval. Such changes include, without limitation:
- (a) minor changes of a “house-keeping nature”;
 - (b) amending Options including with respect to the option period (provided that the Option is not held by an insider), vesting period, exercise method and frequency, subscription price (provided that the Option is not held by an insider) and method of determining the subscription price, assignability and effect of termination of a participant’s employment or cessation of the participant’s directorship;
 - (c) changing the class of participants eligible to participate under the Plan;
 - (d) advancing the date on which any Option may be exercised or extending the expiration date of any Option, provided that the period during which an Option is exercisable does not exceed ten years from the date the Option is granted; and
 - (e) adding a cashless exercise feature, payable in cash or securities, whether or not providing for a full deduction of the number of underlying common shares from the Plan reserve.

Shareholder approval will be required in the case of (i) any amendment to the amendment provisions of the Plan, (ii) any increase in the maximum number of common shares issuable under the Plan, (iii) any reduction in the exercise price or extension of the option period benefiting an insider, and (iv) amendment provisions granting additional powers to the board of directors to amend the plan or entitlements without security holder approval, in addition to such other matters that may require shareholder approval under the rules and policies of the Exchange.

10. Miscellaneous Provisions

- 10.1 The holder of an Option shall not have any rights as a shareholder of the Corporation with respect to any of the Shares covered by such Option until such holder shall have exercised such Option in accordance with the terms of the Plan (including tendering payment in full of the Option Price of the Shares in respect of which the Option is being exercised) and the issuance of Shares by the Corporation.
- 10.2 Nothing in the Plan or any Option shall confer upon an Optionee any right to continue in the employ of the Corporation or any Subsidiary or affect in any way the right of the Corporation or any Subsidiary to terminate his employment at any time; nor shall anything in the Plan or any Option be deemed or construed to constitute an agreement, or an expression of intent, on the part of the Corporation or any Subsidiary to extend the employment of any Optionee beyond the time which he would normally be retired pursuant to the provisions of any present or future retirement plan of the Corporation or any Subsidiary or beyond the time at which he would otherwise be retired pursuant to the provisions of any contract of employment with the Corporation or any Subsidiary.
- 10.3 To the extent required by law or regulatory policy or necessary to allow Shares issued on exercise of an Option to be free of resale restrictions, the Corporation shall report the grant, exercise or termination of the Option to the Exchange and the appropriate securities regulatory authorities.
- 10.4 The laws of the Province of Ontario shall apply to the Plan and all rights and obligations hereunder shall be determined in accordance with such laws.

11. Shareholder and Regulatory Approval

- 11.1 The Plan shall be subject to the approval of the disinterested shareholders of the Corporation to be given by a resolution passed at a meeting of the shareholders of the Corporation in accordance with the *Business Corporations Act* (Ontario) and to acceptance by the Exchange. Any Options granted prior to such approval and acceptances shall be conditional upon such approval and acceptance being given and no such Options may be exercised unless such approval and acceptance is given.
